

This redacted list was provided under the GIPA Act 2009.

It is noted the names of the individuals has been obstructed from view on the basis the information qualifies as personal under Section 14 Table 3 (a).

However, this does not align with the GIPA Act 2009 Schedule 4, 4, 3 (b) which makes clear information concerning a person's job title, where they work, and their roles is not classified as personal information.

What's particularly interesting is that the same people breaching the public's privacy and unlawfully sharing the public's information, through NIPPN, seek anonymity in contravention of the legislation.
